HOUSING POLICIES

Conduct: Apartment style living is based on community effort and consideration of others. Living in close proximity to other individuals requires that you be aware of how your actions affect others. Respecting the rights of others is essential for maintaining a comfortable environment for everyone. “Quiet Hours” start at 10:00 PM and continue until 7:00 AM the next morning. Social gatherings that take place after 10:00 PM in the housing facilities require the approval of the CSC for that area in advance of the event. Such gatherings must take place in a location away from sleeping quarters.

The following are not permitted in the buildings, rooms, or apartments for legal, safety, and/or health reasons. The University in accordance with federal, state, and local laws and established University procedures may confiscate prohibited possessions.

- Cooking equipment and appliances (except in units with kitchens).
- Electrical appliances that are not UL approved and labeled.
- Pets.
- Firearms and other weapons, explosives, fireworks, inflammables or open flames.
- Material which might create a hazard.
- Alcoholic beverages
- Illegal drugs.

The following behavior is not permitted in the buildings, rooms, or apartments for legal, safety and/or health reasons. Failure to comply may result in dismissal from the housing facilities.

- Vandalism or any tampering with electrical, access or telephone equipment.
- Roofs and ledges are not to be used for any purpose.
- Window screens may not be removed nor may any objects be dropped from windows, balconies or doorways.
- Tampering with fire equipment is prohibited.
- Disruptive behavior, excessive noise and failure to comply with quiet hours.

Postings: Los Angeles Fire Department codes prohibit the placement of combustible materials in doors/hallways/exit pathways. In order to facilitate communications with residents or participants, approved material may be posted only in enclosed bulletin boards with appropriate approvals from the Office of Summer Conferences.

Smoke-Free Policy: In order to provide a safe and healthy environment, it is the policy of USC that smoking is prohibited in all enclosed rooms, buildings, and facilities. This includes all University housing areas and dining areas. Those who wish to smoke may do so in outdoor areas located far enough away from doorways, windows and ventilation systems to prevent smoke from entering enclosed buildings.

Faculty Masters: These are faculty members that live in the building year round. We ask of each group to be respectful of their space and privacy.
